Youth-led progress Paving the Way for Sustainable Community Building

The banner is divided into two main sections. The left section has an orange background and contains the text "#IAPH2023 SUSTAINABILITY AWARDS FINALIST" at the top, followed by "COMMUNITY BUILDING" and a small orange icon of a person with arms raised. Below this, it says "Collaborative project" and "Youth Employment in Ports of the Mediterranean". The right section has a brown background and features a photo of two people standing in front of blue shipping containers. Overlaid on the photo is the text "BEST PROJECT VOTE TODAY" in large white letters. Below the photo, it says "SUPPORT YEP MED AT THE IAPH SUSTAINABILITY AWARDS" and provides the URL "https://bit.ly/IAPH2023Vote". At the bottom left of the banner is the "WPSP" logo, and at the bottom right is the "iaph" logo.

VOTE NOW

By now you may have already heard, but if not let me be honoured in bringing you more exciting news regarding YEP MED's remarkable journey towards sustainability and community building. Not only have we been selected as a Top-18 Finalist in the Sustainability Awards of the International Association of Ports and Harbors, but we have also achieved the incredible feat of securing a spot as one of the top-3 finalists in the "Community Building" category—a testament to our dedication and innovation in this field.

By Eduard Rodés - Director of the Escola Europea - Intermodal Transport

#TBT - Intro to the Cold Chain

The Cold Chain

From the annals of PierNext - the Port of Barcelona's innovation hub

From old port facilities to modern innovation and technology hubs

Numerous ports worldwide are revitalizing their historical facilities situated within their premises to incorporate state-of-the-art innovation hubs. These former warehouses, docks, or abandoned structures once utilized for activities that are now obsolete, are being repurposed to harness their structural framework for innovative purposes.
